ACTS 22:16

The Rantings of a Mac Man

Jerry McCorkle

Back in the 1980s I began an arduous road of back pain. This pain caused, what some people will call, strange behavior. As I tried to sleep at night, my back would begin to hurt from being in one position and I would have to roll over. However, I just did not like to roll over and face the center of our bed. Some of that was because Vivian would try to choke me with her hair, but mostly because I just did not like it. So what was I to do? I needed to roll on my other side but really did not want to. My strange solution was to flip ends of the bed. I know it is weird but I put my head at the foot of the bed and my feet at the head of the bed. Later, when my back hurt again, I would flip back. I developed almost an OCD condition about it. If I got out of bed, I had to get back in the bed in the opposite position. Now, decades and three back surgeries later, I occasionally do it. If I am struggling to sleep, I will flip my position. Sometimes, I just feel better when I do. I am no longer as OCD about it but I still use it as a sleep technique.

Do you have any strange or even bad habits? We can all develop bad habits, even bad spiritual habits. Hebrews 10:25 talks about a bad habit that some had. *Don't stop meeting together with other believers, which some people have gotten into the habit of doing. Instead, encourage each other, especially as you see the day drawing near. Some had developed a bad habit of not going to church. In the verses that follow some other bad habits are listed that we should avoid. Deliberately keeping on sinning, trampling the Son of God underfoot, treating as unholy the blood of the covenant are all mentioned in the following verses. Those all sound worse than stopping to meet with other believers. But I believe they all have their beginning with the lack of meeting with other believers. Let us be consistent in our attendance and avoid bad habits.*
